INTERNSHIP

- Trainee - Software Engineer Intern.** May. 2026 – Present
Isthara Parks Private Limited | Hyderabad, Telangana, India
 - Assisted in developing full-stack web applications using React and Spring Boot, contributing to frontend components, RESTful APIs, backend logic, and database integration.
 - Worked with Git and Agile practices to implement features, integrate REST APIs, debug application issues, and support efficient frontend-backend development using Spring Boot.

PROJECTS

- PG Made Eazy** Jan. 2026 - April. 2026
Web Development Live Demo
 - Developed a full-stack web application for real-time PG listing, search, and booking, streamlining the rental process and improving the overall user experience.
 - Built secure payment integration and an admin dashboard to manage property listings and automate rental workflows, reducing manual effort and improving operational efficiency.
 - Made using: React, Spring Boot, MongoDB
- CreatorSphere** Aug. 2025 – Dec. 2025
Web Development Live Demo
 - Developed a full-stack platform connecting brands and influencers, enabling campaign creation, discovery, applications, and collaboration.
 - Implemented role-based authentication, campaign management, real-time messaging, influencer profiles, and media uploads using Cloudinary.
 - Made using: MERN Stack, Cloudinary, JWT
- AI-Powered Job Search Agents** Oct. 2026
AI Agents / Automation Github
 - Built an AI-powered LinkedIn Referral Agent to identify relevant professional connections and automate personalized referral outreach workflows.
 - Developed an AI-powered Naukri Job Application Agent to automate job discovery and application workflows based on defined job search criteria.

TECHNICAL SKILLS

- Programming:** Java, Python, JavaScript
- Development:** Spring Boot, React, REST APIs, HTML, CSS
- Core CS Fundamentals:** OOP, Data Structures & Algorithms, DBMS, SDLC
- Databases:** MySQL, MongoDB
- AI & Development Tools:** AI Agents, GitHub Copilot, Cursor, Git, GitHub, Postman

CERTIFICATIONS

- Design and Analysis of Algorithms:** NPTEL
- Data Analytics:** IBM

EXTRACURRICULAR ACTIVITIES

- Freelancing** Portfolio | Github | LinkedIn
Websites & Video Editing
 - Developed small to medium web applications, including online menus and informational websites, tailored to client requirements.
 - Delivered creative digital solutions by combining web development with video editing for social media and promotional content.
